

VIVIO Health is a specialty drug management company helping E. & J. Gallo Winery members manage rheumatoid arthritis, psoriasis, IBD, HIV, MS, cancer, hepatitis C and other complex or rare conditions

Our clinical team works with your doctor

Better Care

We cut out the middleman, so you and your plan pay less

Lowest Costs

High-touch concierge means one call does it all

Reduced Hassle

Better support for you and your doctor ...

Doctors are frustrated with narrow drug “formularies.” We have done away with this archaic restriction giving your physician more freedom to recommend treatment options.

No one enjoys interacting with today’s complex health system. If you have an issue with logistics, drug side effects or just about anything else, we will happily handle it for you.

Fighting chronic conditions leaves many patients wondering if anyone is in their corner. With a caring VIVIO concierge at your side, your answer is now ‘yes.’

When your employer or plan sponsor pays less for healthcare, everyone benefits including you and your family.

To see if VIVIO manages your drug, visit MyVIVIO.com/Gallo

VIVIO Health is “very understanding, sensitive to my needs, very thorough with communications and follow ups and seems to genuinely care about me.”
